RRP

£12

PUBLICATION DATE

28 May 2012

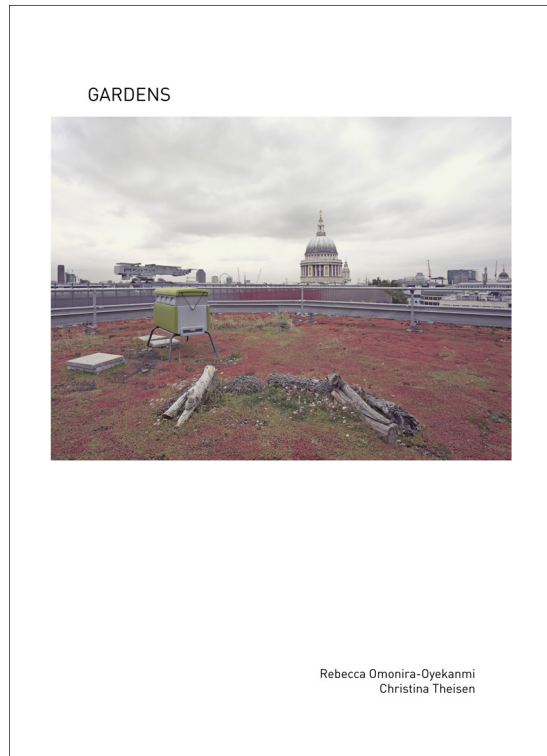

SPECIFICATIONS

Paperback

14 colour photographs

52 pages

14.81cm x 20.98cm

## SUMMARY

GARDENS is a collection of photographs capturing unexpected, tucked-away garden spaces in London: Christina Theisen portrays landscapes of biodiversity that co-exist in harmony with their concrete, urban environment.

Rebecca Omonira-Oyekanmi's accompanying essay reveals the creators behind these spaces, their motivations, and why they believe the fight against the collapse of different ecosystems must start in our cities.
